RE: Ziegler Chemical and  
Mineral Corporation  
Cowboy #1 Mine  
ACT/047/019  
Uintah County, Utah

Dear Mr. Judd:

Thank you for your letter of September 29, 1982 relative to the above-referenced operation. I'm sorry to hear that the economic slow down has affected the gilsonite mining industry as well. I'm also sorry that it is somewhat of a burden for Ziegler Chemical and Mineral Corporation to supply the Division with the requested information necessary to determine compliance with the Utah Mined Land Reclamation Act.

Please advise your client that in the event the economy should make an up-swing and the operation possibly expand beyond the two (2) acre limitation, then a refiling of Form MR-1, including all information requested in the Division's letter of August 17, 1982 will be required at least 90 days prior to the anticipated increase in activity.

As soon as time permits, a member of the Division staff will visit the area.

Sincerely,

JAMES W. SMITH, JR.

LAND DEVELOPMENT
